

Blackwell School Counseling Mission Statement

Our mission as school counselors is to provide a comprehensive guidance program that will assist all students in acquiring the skills to become responsible citizens by promoting the academic, career, and personal/social curriculum.

Our vision for students is based on the beliefs that:

- All students have the right to participate in a comprehensive and developmentally appropriate school counseling program
- All students benefit from a strong home/school partnership
- All students benefit from primary prevention

Counselor Supported Programs Include:

School Counseling Services

Counseling Services

Everyone needs some help from time to time, and your child's school counselor is always there to offer support. The counseling services available include:

- Classroom Curriculum—the counseling program at Blackwell Elementary is able to reach every student through regularly scheduled lessons presented during class. These lessons focus on personal/social development, good work habits, and planning for a successful future.
- Individual Counseling—solution focused sessions can be set up for students experiencing problems at home or school that significantly impact their ability to learn.
- Small Group Counseling—for students who need additional support and would benefit from learning and practicing new skills in a controlled, safe environment.

Reasons to See the Counselor

There are many different reasons that a student may need to see the counselor. They include:

- Problems at home such as divorce or a death in the family
- To get help with organizational skills, study skills, test taking skills, or time management
- Learning coping strategies for anxiety
- Getting help with making and keeping friends
- Help with making responsible choices
- Because they just need to talk to someone
- And so much more!

Counseling... It's Not Just for Kids!

Your child's school counselor can provide a wealth of information when it comes to parenting and finding additional resources for your family. Please feel free to reach out if you:

- Have concerns about your child
- Would like recommendations for websites or books related to parenting or helping your child with special needs

Although we may not have all of the answers, we will be able to point you in the right direction to make sure you have the support that you need!

Don't hesitate to call us if you have any questions or concerns you would like to discuss so that we can better help your child be successful at school!
